

Fatima Ali

Backend Developer

SUMMARY

Experienced backend developer known for optimizing database design, crafting robust APIs, and emphasizing security. Proficient in enhancing server-side efficiency to support scalable solutions.

PROJECTS

HomeTaste Api 07/2023 - 08/2023

Developed the HomeTaste API, facilitating the connection of users, including students, with local chefs and their diverse range of homemade dishes.

- Collaborated with a team of three developers, strategically dividing the project into stages for efficient management.
- Utilized technologies such as TypeScript, Node.js, MongoDB, Swagger, and Jest for efficient development.
- Improved collaboration and communication skills in a team environment.
